

Brenda Molnar: Combermere's Best Kept Secret

We were absolutely delighted with Pine Cliff. Each year we try to do something special on Family Day. The cabin we rented was more than we expected and very comfortable. The activities building with pool and games room was a bonus and wonderful for both my niece and nephew and adults. The pine woods and trails in the area were ideal for walking and we saw people on ATV's as well. The resort itself and the cabin were clean, there were laundry facilities if you needed them and town was only a short distance away. A great spot for the traveler whether you rent or camp or RV. We enjoyed our stay.

Pine Cliff is an awesome place to go and meet lots of great people. I have went there for many years as my grandparents used to live there. I met a lot of great people and always enjoyed myself. I would recommend this resort to everyone.

My husband and two children just returned from a 3 day camping vacation at Pine Cliff Resort. We camped with another family that we regularly camp with and both families agreed that Pine Cliff is a place that we'd like to camp at again. There wasn't enough time for horseshoes or basketball but we did enjoy an afternoon at the pool and hot tub and another full day at the beach. We found the staff to be very friendly and helpful. (My only frightening moment was when a very tiny frog surprised me in the shower of the public washrooms.)Thanks for an enjoyable stay.

Julie Oliveira: The Greatest Place

Pine Cliff Resort is one of the best places I have ever been to. My Husband and I have had a hard time finding a place to relax with our Yellow Lab. Pine Cliff was excellent, even our dog love it :). The cottage was clean and felt like home. We could swim by day in the beautiful River/Lake and relax by evening in the indoor salt water pool or hot tub. I can't remember the last time my Husband and I challenged each other to a game of ping pong, darts, pool, horseshoes, basketball, and bocce all in the same day. Each night we sat and watched stars as we kept warm by the campfire roasting marshmallows and watching fireworks. Overall we were so content with our little vacation that we decided to book a week for next summer before we left. My husband and I take a vacation to the sunny south every year let's just say we've found our sunny north instead. Thank you the Staff at Pine Cliff for making the trip every bit memorable! Aug 2009

Growing up my family and I spent a week almost every summer at Pine Cliff staying at what we called the "Big Cabin"...they were the best summers and I have soo many fond memories! Since then I have moved to Florida and gotten married, but I can't wait to start the tradition of summers at Pine Cliff with my new family! My husband and I are going to plan a trip for next summer and I can not wait to show him what Canada really has to offer!

Debby: Ontario's Best Kept Secret

A home away from home! A few years ago my family camped in 2 tents in June: cool at night but that's what hottubs are for....

Highly recommended camping facility :)

Take Care

Looking forward to visiting the area again! This time we'll try Sunny Hill Resort and stop by here and say hello

meriel

The new web site looks wonderful. We're coming back for our third may long weekend. The kids absolutely love staying at your camp ground, and warming up in the hot tub/pool after kayaking in the river. The adults kind of like it too!!!

Cheers, Meriel
